U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on NOVEMBER 13, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
NOVEMBER 14 - 20, 1977
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of November 25, 1977 (based on reports from exporters for the week ending November 13 unless otherwise noted).

Wheat: Sales activity picked up after last week's plunge. Brazil dominated all buyers, adding 120,000 metric tons (MT) of Hard Red Winter to sizeable existing contracts. Japan, Poland, Italy and the Netherlands returned to the market for significant quantities. New sales to unknown destinations were partially offset by contract adjustments and destination assignments. Activity in daily sales was highlighted by the USSR's addition of 576,000 MT to the current marketing year (MY) purchases (226,000 MT switched from unknown) and 24,000 MT for MY 1978/79 also a switch from unknown. Iran's purchase of 150,000 MT for MY 1977/78 and unknown destination sales of 100,000 MT for the 1978/79 MY were also reported under the dailies.

Corn: New sales of 930,800 MT were the largest since February 1977. Japan, Poland and unknown destinations accounted for most of the increase. Contract adjustments (foreign purchases/cancellations) and destination changes minimized the net increase in sales to unknown. Japan and Spain were the main recipients as final destinations were assigned on sales previously reported as unknown. Under the daily system, USSR purchases increased by 1,501,600 MT (650,000 MT new sales, 701,600 MT switched from unknown and 150,000 MT switched from Japan). Poland was declared the final destination on 106,680 MT, switched from unknown. All of the daily sales are scheduled for MY 1977/78 delivery.

Oats: Market interest continued moderate as sales of 7,300 MT were reported to unknown destinations. Exports were miniscule.

Sorghum: Export sales activity continued fairly heavy, although, well short of the preceding weeks' exceptionally heavy level. Business to Eastern Europe was good as the first sales to Poland (61,000 MT) were reported for the MY. Optional origin sales included 100,000 MT to Romania. Sales to unknown destinations also showed a significant increase. Exports slowed from the preceding weeks' heavy pace.

Rice: Sales activity was moderately heavy as Senegal, a major buyer of broken rice, added 16,000 MT to earlier purchases. Initial sales (4,500 MT) for the MY were reported to Hungary. Rough rice sales to Italy rose by 37,000 MT but cancellations of milled rice resulted in a net increase in total sales of only 14,000 MT. Exports were the heaviest in a number of weeks.

Soybeans: Market activity was heavy. West Germany, Norway, Japan and Taiwan added significantly to earlier purchases. The first sale of the MY was reported to Thailand. Optional origin sales to the PRC were reduced to zero as 51,200 MT was assigned to the U.S. and 62,000 MT to other origins. Contract adjustments and destination changes resulted in a reduction in total sales to the Netherlands and Spain. Record-setting exports (975,100 MT) went primarily to the EC, Japan, Israel and other Western European countries. Initial exports of the year went to the PRC, Thailand and the Dominican Republic.

Soybean Cake and Meal: Sales activity (28,100 MT) was down sharply from the level of recent weeks with a number of sales cancellations reported. Over three-fourths of the 108,200 MT exported went to the EC. Iran, Hong Kong, Australia, Nicaragua and El Salvador took initial shipments of the year.

Soybean Oil: The assignment of the PRC as the final destination on sales previously reported to unknown was the major feature. New sales were reported to Colombia, Haiti and unknown. The bulk of the exports (8,500 MT) went to Bangladesh and Tunisia.

Cotton: Market activity improved to a moderate level due primarily to sales of 39,600 RB to PRC for MY 1977/78 and sales to Korea for MY's 1977/78 and 1978/79. Exports maintained last week's moderate pace with 80 percent to Asia.

Barley: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY

For Week Ending November 13, 1977

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
